

SCOOTER/MOPED information!

Fall semester is fast approaching! If you are planning to bring a scooter to campus this year please read the following updates. This information is also available on the DOT website at:

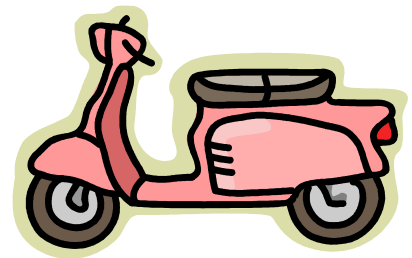

<http://www.transportation.umd.edu/scooter.html>

Registration:

The red decals will NOT BE VALID this fall. You must come into our Regents Lobby to pick up a DOTS issued scooter license plate. If you park on campus this year and you do not have the DOTS issued scooter license plate, your scooter may be immobilized and towed. The tow release fee is \$100.

The annual registration fee is \$109. Fall only and spring registrations are also available.

Re-sales and abandoned scooters

If you sell your scooter to a friend or classmate, please remember to cancel your registration. Also, if your scooter is no longer operable or if you just don't want it, please contact DOTS so that they can move your scooter and open up the parking space. There will not be a charge for permanently relinquished scooter tows. Scooter parking is in very high demand in some lots.

****Please visit the DOTS website where there is much more detail and information about parking your scooter/moped on campus.**

<http://www.transportation.umd.edu/scooter.html>

As always, it is important for you to exercise caution when operating a scooter/moped. You cannot drive on any sidewalks and must obey applicable traffic laws.

Thank you in advance for consideration of others in the community.
